PROVIDING THE APPROPRIATE FRAMEWORK

- 1 Experienced event and sector specialists**
Whether it's National Account Managers, Hotel General Managers or your daily Conference Contact, many of our team members have received internal ABPI code of conduct or Pharma Codex training.
- 2 Capacity for different sized events**
We offer spaces for everything, from small advisory board and one-on-one meetings to product and cycle functions, key communication events, kick-off sessions and large industry gatherings.
- 3 Transparent and Efficient Invoicing**
We provide clear invoicing with competitively priced delegate rates. We're happy to provide a complete package breakdown to ensure full transparency.
- 4 Highest levels of security and confidentiality**
The hotel understands the need for discretion and added security for Pharmaceutical and Healthcare meetings. We inform meeting planners of the presence of any potential competitor companies, and pay keen attention to meeting room access, signage and paper shredders.
- 5 Our Meet with Purpose, eco-friendly programme**
Proven to make meetings more productive, memorable and meaningful, our Meet with Purpose programme promotes eco-friendly practices and offers balanced choices for meeting participants.

Mindful meeting

We utilise meeting practices that are less resource-intensive, so you can host more environmentally friendly events.

Mindful eating

We have re-examined event dining, minimising food waste and encouraging far more balanced choices, portion control, locally sourced cuisine, seasonal ingredients and more.

Mindful being

We enhance guest experiences by adding fitness events and breaks that offer stimulating, energy building interest.

With your next booking we will include a complimentary, upgraded healthy break for your delegates!
