

BEIRUT SOUKS

Beirut Souks are yet another architectural achievement by Solidere, where the practicality of modern designs embraces historical and cultural heritage. This has transformed this prime location into a portal between the past and the future. Beirut Souks preserve the aspects of an old traditional market marked by a trail of historical streets.

However, contemporary architectural designs are introduced to meet modern shopping needs and thus the Souks turned into an “open area” offering a unique journey that takes the visitor far beyond the shopping mall experience.

Children are a great part of Beirut Souks’ vibrant activity. That is why a children zone within the reopened “Planet Discovery, The Children Science Museum” was established. This is a place where kids can both learn and recreate, benefiting from hands-on learning opportunities through interactive exploration, rich and varied experiences.

Planet Discovery offers Interactive Exhibitions on the human body, the universe, the laws of physics, the animal world and much more, Fun Activities, with innovative edutainment programs and arts and crafts and miscellaneous Services including educational workshops and birthday parties.

The museum is open from Monday to Friday from 8:30 a.m. till 6 p.m. On weekends and official holidays, it welcomes its visitors from 10:30 the morning till 7: 30 the evening. It closes its doors exclusively on New Year’s Day.
