

TESTIMONIAL

"Hi Jenny,

I wanted to email you to say a big thank-you to you and to all the staff that helped make my party on the 7th January 2017 absolutely perfect!

The room looked amazing set up and the bar manager (sorry I forgot his name) was so helpful and got me the black table runners I wanted at the last minute. He also added gold bows to all the seats which looked great. Your hospitality has always been top notch- even the little things like offering me and my children a drink when we visited and the bottle of Prosecco for me on the night were much appreciated.

The bar staff were great, friendly and good at making the 3 cocktails I chose. If you could also let the kitchen staff know that the food was excellent and many people commented how good it was. It honestly could not have been any better and all the staff working on the night made it feel easy and effortless for me to relax and enjoy the party knowing it was all under control. I would definitely recommend you to friends and family for future events- in fact i think my G'ma is planning her 90th birthday party to be with you now.

So thank you once again to you for helping me sort it all out and to all the other staff involved.

Amy Tallis"
