

# TESTIMONIALS

We had our wedding here on 12/23/16 and everything was absolutely perfect!!!! Leah helped us every single step of the way and we couldn't be more thankful for her. Suzanne was our butleress and amazing is a huge understatement for her. My bridal party and I got ready on property and everything was beautifully set up and we were checked on often. My husband and I did a first look in the courtyard and the Hilton graciously allowed our two dogs to be apart of it. Almost every wedding guest commented on how much they loved the venue, food, staff, etc. The rooms were all perfect. I've run out of adjectives to say how much we loved hosting the most important night of our lives here.

We selected the Hilton after attending a wedding there the previous year. The location was an initial draw as we both had family coming from out of state. We are so happy with our choice! The entire planning process was seamless from start to finish we worked with Leah and she was fabulous easy to work with genuinely excited to help us plan our perfect day. We had the rehearsal, rehearsal dinner, ceremony and reception all here and our go to guy for the day of was Alfredo he made sure everything went off without a hitch and made sure we were able to have fun at our own wedding and not worry about anything. Also special mention for Mike the bartender he was a crowd favorite!

The venue was amazing they had everything exactly how I imagined. The food was amazing the service was great!! Also I recommend brides to request Alfredo for your butler for the day of your big day. He is amazing!! Leah is amazing as well!! She helped through a lot. I can't thank the Hilton enough for everything they did and made my special day amazing.

Everything was amazing working with the Hilton Staff. They treated me with such respect & love. They were always there when I needed them on my wedding day and gave me the most beautiful wedding I could ever imagine. Leah was such an amazing person to work with!

There are not enough positive things to say about the Hilton! The catering sales manager, Leah, is excellent to work with. She listens to the customer and follows through on her word. Working with the Hilton staff makes you feel like family. This is a great place to have the wedding because the Hilton is full service and you can have a wonderful wedding for a good cost. It takes a lot of the stress off the bride to have services such as catering, linen, centerpieces and cake included in your package.

Absolutely perfect!!! Everything I ever imagined my wedding day to be!!! Everyone had a fantastic time and was commenting how delicious the food was and the room looked beautiful!! LEAH was the BEST and a huge part of why we picked the Hilton Wilmington/Christiana. Not only was the hotel beautiful with all the different spaces (ceremony, cocktail hour, reception) but Leah was so enthusiastic and genuinely interested and happy for us! She saw to it that all the details were taken care of and was extremely flexible to make our day special. I would recommend Leah and the Hilton to anyone for any event they may be planning!!!
