

At the Park Avenue Grill the roots of our cuisine lay in the food memories of our youth and the travels and experiences of our journey as cooks. Our menu is a modern approach to the Southern Table. We start with the best local, seasonal produce available, the purest farmed animals and the historic foodstuffs that have defined this local landscape for generations. We then look at all these ingredients and traditions through a lens that is global, technical and provocative. It is the differences that show how good foods everywhere are bridged together in their likeness
